Returning Your Car

- If you picked up your Avis car at an Avis Rental location, please return your car to the same location at the agreed/specified time.
- If you are returning your Avis car at the Airport, we strongly recommend returning your car at least one hour before your flight check-in time as delays can occur. Avis car hire is charged on a 24-hour basis. After collection of the car, missed deadlines will be charged by Avis at the full local rate e.g., if you collected your 3 day car hire on Monday at 1pm and returned it later than 1pm on Thursday, you will be charged. This charge will be based on the full local rate. If you return your car earlier than planned, no refunds will be made.
- When you return your car, it is at this stage that any optional insurances, optional services/charges and excesses are charged to your credit card. Check whether you have agreed to take Super CDW or Super TP. At Rapid Return locations a statement is provided instantly, where Rapid Return is not available the statement shall be generated and sent to your home address.
- You may settle your account in resort at the Avis desk by cash if the office is open. Please allow extra time to do this.
- Check the vehicle for damage and advise the rental agent.
- If you return your car earlier than planned, no refunds will be made and your rental will default to the local rate, please check the details printed on your contract are correct before you leave the rental office.

If you have any queries relating to your Avis booking or any of the above information, please telephone your Travel Consultant.

We wish you a fun and enjoyable holiday!
